

# FERTILITY PHARMACY of AMERICA

“YOUR fertility pharmacy...  
...creating lifelong memories.”

## WHY WE ARE DIFFERENT

Fertility Pharmacy of America, FPA, is partnered with your physician in order to provide you, the patient, with a personalized pharmacy experience.

Your physician will prescribe your medications and send them to us. From there, you will be contacted by your Personal Pharmacy Technician. This technician will handle your prescription from the day it arrives at the pharmacy to the day it's delivered to you...and beyond.

Our relationship with your physician helps us maintain an open line of communication to provide you with a more personalized and, therefore, more meaningful pharmacy experience.

FPA is a fertility-dedicated pharmacy which offers a comprehensive and convenient pharmacy option.

*“We will be with you every step of the way.”*
